🪪 PROFESSIONAL SUMMARY

I'm Hafiz Muhammad Kumail, a Senior Shopify Full-Stack Developer with 4+ years of experience. I specialize in building high-performing Shopify stores and apps that deliver seamless shopping experiences. My expertise spans Shopify theme development with HTML, CSS, Liquid, and JavaScript, as well as app development using React, Redux, Tailwind, Polaris, Node.js, Express.js, and MongoDB. With proven experience across leading brands and agencies, I combine technical precision with creative problem-solving to bring ideas to life and add real value to every project.
